

Frewen Prep School Weekly Newsletter

Home/School number 6 - 11.6.20

Home/School Continues

Following government guidance, we are set to continue home/school for remainder of the summer term. Teachers will continue to send work home remotely on a daily basis and will continue to offer TEAMS teaching as before. Times for these sessions will now vary as teachers are also teaching in school.

Creative Curriculum

Pupils have continued to produce some lovely work over the last few weeks. We know that it is easy to 'run out of steam' in the final few weeks of term and so teachers will be trying hard to set activities which continue to inspire your child.

Partial Opening

As you will be aware, some schools, including Frewen, are offering a return for Year 6 pupils. This is optional and we currently have 7 pupils in school. There have been many challenges to overcome to enable pupils to return with social distancing and it has greatly reduced the number of pupils that we are able to currently accommodate in school. We are working on solutions for September.

Saying Goodbye

We are keen that all pupils should get a chance to say goodbye to each other and to mentally prepare for changes next year. With this in mind, all current pupils will be invited to a socially distanced end of year outdoor event on Thursday the 2nd of July between 10am and 12pm.

Year 6 Transition

Parents should have received an email formally inviting their child to attend a transition day at the senior school on Tuesday the 31st of June.

Final Week

All parents should have received an email outlining plans for the final week for all pupils. These include details of some remote learning activities which will help prepare your child for any changes and further details about the end of year outdoor event on the 2nd of July.

Reports and IEPs

Teachers are in the process of reviewing your child's IEP (Individual Education Plan) and writing the end of year reports. These will be emailed in the final week.
